

Care for your vinyl floor, laminate floor or lacquered wood floor using Master Care. This care product smoothens small scratches, increases the resistance of the surface and provides effective protection against wear. This extends the lifetime of the surface or floor. Because Master Care does not build up a thick coating, you can use the product whenever it is required.

- **Care treatment to refresh floors**
- **Extends the lifetime of the floor**
- **Protects against wear and scratches**
- **Easy to use**
- **IBR-certified**

## Application area

---

For all types of vinyl, laminate, PVC and lacquered/painted surfaces.

## Work description

---

Preparation	<p>Wash the floor thoroughly with WOCA Intensive Wood Cleaner, until the surface is perfectly clean. Wash with clean water afterwards. Leave the floor to dry completely before application of Master Care.</p> <p>Always remember to test on a less visible spot to check the compatibility of the surface with the product.</p>
Treatment	<p>Shake the container well before use.</p> <p>Apply the concentrated care product as a thin, even coat. If the cloth/mop becomes dirty, rinse in clean water and wring thoroughly. Then continue the application. Do not apply additional Master Care once a surface has begun to dry.</p> <p>Leave the floor to dry for approximately 30-60 minutes or until it is completely dry before use. No polishing or other treatment is required afterwards.</p>
Please note	<p>For best results, use WOCA Master Cleaner for regular cleaning of the treated surface.</p>

## Drying time

---

Drying time	Approx. 1 hour at 20°C
-------------	------------------------

## Technical data

---

Declaration	Triisobutylphosphate. Can trigger allergic reaction.
Density	Approx. 1.01 g/ml
pH-value	7.2-8.2
Shelf life	24M
Application Temperature	+15-30°C
Coverage	Approx. 60 m <sup>2</sup> /L, depending on wood type and surface
Mixing ratio	Undiluted.
Cleaning of tools	Use soap and water
Storage	+10-25°C. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.
VOC Max	VOC-Max: 30 g/l, MAXIMUM VOC CONTENT [A/i (WB)]: 140 g/l.
Packaging	1 L
Re-treatment	2 times a year

## Maintenance and related products

---
