

Commercial Soap may be used for the cleaning of wood, regardless of wood species and surface treatment, as well as for tiles, vinyl and stone surfaces etc. The soap is especially suitable for frequently cleaned wood floors.

- **Effective care and cleaning of all floors**
- **Particularly suitable for large flooring areas exposed to frequent cleaning**
- **May be used both manually and with machine**
- **Certified by IBR**

## Application area

---

For cleaning of wood, regardless of wood species and surface treatment, as well as for tiles, vinyl and stone surfaces etc.

## Work description

---

|             |  |
|-------------|--|
| Preparation | Very dirty floors may be cleaned with WOCA Intensive Wood Cleaner first.<br><br>Always remember to test on a less visible spot to check the compatibility of the surface with the product.   |
| Treatment   | Manual cleaning:<br>Mix 250 ml Commercial Soap with 10 L of water for the daily cleaning. Wash the floor lengthwise the wood grain. For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop. It is important that no water is left on the floor. Use only little water to obtain a satisfactory result.<br><br>Cleaning with machine:<br>5-20 ml to 1 L of water, depending on how dirty the surface is. |
| Please note | Commercial Soap can also be used in a floor washing machine.   |
