Policy

## The new generation SV25 Slow Speed Supervac Sander diligently crafted to save time and labour efforts.

### Versatile Machine - can be used as a vacuum sander, a scrubber or a stripper

The Supervac Vacuum Sander can be used for scrubbing or stripping applications after switching off the vacuum motor, hence get multiple jobs done with just one versatile machine - That's increased productivity using intelligent design.

### Ultimate gearbox reliability

Equipped with a long life triple planetary gear drive and universal clutch system that helps to increase productivity.

### Meticulously crafted using ergonomic design

Fully compliant with Occupational Health and Safety requirements this machine is thoughtfully built using ergonomic design suggestion, safety triggers and fully adjustable handles.

### 'Cyclonic' dust separator

This machine is armed with a 400-watt long life motor fitted into the dust canister supported by-pass dust separator for superior dust extraction, hence no more indoor dusty mess and breathe easier after completing your sanding job.

### Improved downward pressure

This sander is fitted with extra 3kg weight, hence offers ideal downward pressure to ensure sanding work is done effectively. This allows the sanders to offer high performance required to satisfy the rigorous demands of floor sanding applications.

### Floating skirt traps dust and eliminates secondary vacuum

Dust free floors with the Polivac's full wrap around skirt and powerful 400-watt vacuum motor.

Polivac has over 120 distributors in Australia, New Zealand and worldwide: To know more about this machine please contact your nearest Polivac distributor. Visit our website to find an authorised Polivac distributor.

### TECHNICAL SPECIFICATIONS:

MOTOR & GEAR BOX: 4 Pole 1.1 kw 50hz, 220-240V

DRIVE PAD SPEED: 40cm (15.7")

PAD HOLDER SIZE: 40cm

DRIVE PAD SPEED: 212 rpm

VACUUM: 400-watt long life motor fitted into a dust extractor canister supported with a by-pass dust separator

WEIGHT: 54kg

GEAR BOX: Triple-planetary HD 6.8:1 helical cut industrial gear drive brushes

HANDLE: Height adjustable & Ergonomic design

LEAD: 15-meter, heavy-duty flexible safety rubber

BODY: Industrial enamel & powder coated cast aluminium alloy

FITTER WITH: Universal clutch system

WEIGHT SET: Comes with 3kg extra weight

WARRANTY: 1 year on motor, gearbox & parts
